

BLACK WINNER

a winning feed based on BLACKOATS for competitive horses

BLACK WINNER is a müsli pellets, developed for horses in medium to hard work, such as trotting, show jumping or dressage, but also for other horses with a large energy need. Blackoats offers all the benefits of oats but with a little less edge. Blackoats makes the high energy competing horse better balanced. In **BLACK WINNER** you will find ingredients and qualities many other feeds are missing. Try feeding **BLACK WINNER** to your competing horse and experience the difference! **BLACK WINNER** is a top class product for stamina, and perfect health that will make your horse look great!

Together with good quality forage, **BLACK WINNER** is all you need to feed, as it meets all the nutritional needs, with vitamins and minerals. ÅSEBRO Feed is produced at ÅSEBRO mill in Dalsland, Sweden and the ingredients are based on local production. ÅSEBRO Feed's production method, ensures a product free from binding agents, where all the nutrients, vitamins and minerals in the ingredients are made available to the horse in an optimal way. **BLACK WINNER** will supply excellent ingredients and contribute to a healthy gastrointestinal tract.
