## Müslipellets for horses and ponies

**CLASSIC** is a müslipellets, ideal for active leisure horses or for those horses and ponies in light to medium work, schooling or lightly competing. **CLASSIC** is also ideal for maturing young horses and ponies. Together with good quality forage, **CLASSIC** is all you need to feed, as it meets all the nutritional needs, vitamins and minerals.

ÅSEBRO Feed is produced at ÅSEBRO mill in Dalsland, Sweden and the ingredients are based on local production.

ÅSEBRO Feed's production method ensures a product, free from binding agents, where all the nutrients, vitamins and minerals in the ingredients are made available for the horse to benefit from them, in an optimal way.
