

VINNARE

a winning feed for competitive horses

VINNARE is a high energy, performance müsli pellets feed, developed for horses in hard work such as racing, trotting or eventing, but also for other horses with a large energy need.

In *VINNARE* you will find ingredients and qualities many other feeds are missing. Try feeding *VINNARE* to your competing horse and experience the difference! *VINNARE* is a top class product for stamina, and perfect health that will make your horse look great!

Together with good quality forage, *VINNARE* is all you need to feed, as it meets all the nutritional needs, with vitamins and minerals.

ÅSEBRO Feed is produced at ÅSEBRO mill in Dalsland, Sweden and the ingredients are based on local production.

ÅSEBRO Feed's production method ensures a natural product, free from binding agents, where all the nutrients, vitamins and minerals in the ingredients are made available to the horse in an optimal way. *VINNARE* will supply excellent ingredients and contribute to a healthy gastrointestinal tract.
